

**Gabriele Zimmer**  
Chair of the GUE/NGL group

Brussels, 30 May 2018

Dear Comrades,

On behalf of the GUE/NGL political group, I would like to thank you for the information about the situation in Poland.

Our political group is monitoring the developments closely and with increasing concerns. We are worried about the situation of left-wing movements in Poland and we would like to cooperate closely with oppressed leftist organisations in the country. It is clear that the Polish government wants to fight against the progressive left and we stand in solidarity with the Polish people who just want to speak freely and to offer their people an alternative to the current government.

Please keep us informed, so we can respond with an appropriate course of action.

Comradely,

Gabi Zimmer
